1. Product details

Product	Thermal transfer / direct thermal label printer, 203 or 300 dpi
Models	OPAL OD5+, OPAL OD5+ 300
Product category	Hardware
Scope of this sheet	Substance-related conformities of the device and PPWR conformity of the packaging

2. Confirmed conformities – device

Topic	Statement
REACH / SVHC (Reg. (EC) 1907/2006)	No SVHC > 0.1 % by weight (candidate list v36, 253 entries, 04 Feb 2026), with the exception disclosed below – manufacturer declaration dated 27 Mar 2026
REACH Art. 33 information	Lead (Pb, CAS 7439-92-1) is present above 0.1 % by weight in the glass diode and in copper alloy components. Safe use is not affected; the substance is bound in the component.
PFAS	Manufactured without the intentional use of PFAS; supply chain verified by the manufacturer (declaration dated 06 Nov 2025)
CE marking / EU Declaration of Conformity	CE-marked; EU/UK Declarations of Conformity available from OPAL on request
RoHS (Dir. 2011/65/EU, as amended by Del. Dir. (EU) 2015/863)	Compliant – Declaration of Conformity dated 30 Mar 2026, using the exemptions listed in Annex III
POPs (Reg. (EU) 2019/1021)	No listed substances knowingly used – manufacturer declaration dated 13 Feb 2023
ChemRRV (CH)	Compliant in substance – covered by the EU substance legislation above

2b. Confirmed conformities – packaging (PPWR)

Topic	Statement
EU Declaration of Conformity (Art. 39 PPWR)	Available – declaration no. 347-024901-000 dated 21 July 2026, issued by the packaging manufacturer
PPWR – Heavy metals (Art. 5(4))	Sum of lead, cadmium, mercury and chromium VI < 100 mg/kg – compliant
Packaging minimisation	EN 13428:2004 applied; empty-space ratio does not exceed 50 %
Recycling requirements	EN 13430:2004 applied
Packaging materials	Corrugated cardboard from 100 % recycled paper; water-based ink; POLYFOAM cushioning

3. Basis and notes

This declaration is based on the declarations of conformity of the manufacturer and on the evidence available to OPAL. Product-specific evidence is available on request. Information on REACH/SVHC refers to the candidate list valid at the date of issue.

4. Disclaimer

This declaration is issued to the best of our knowledge on the basis of the information and supplier declarations available to us; OPAL does not carry out routine testing for the substances listed. It refers to the condition of the products at the time of delivery. As we have no control over the further processing and use of our products, this declaration is made without legal obligation. Changes in the supply chain or in legislation may require a new assessment. Should a product demonstrably not conform to the information stated above, OPAL's liability is limited, to the extent permitted by law, to repair or replacement of the non-conforming product or refund of its purchase price; liability for indirect, incidental or consequential damages is excluded. Responsibility for the suitability of the product for the intended application remains with the recipient.
